

1. How K-LOVE serves me as a resident of the local community.

a. this radio provides me and my family with clean music that brings honor and praise to our Lord and Savior Jesus Christ.

b. the programing on this station provides Chistian's a way to listen to the radio without being offended by secular music. Not all secular music is bad but alot of it is really too trashy to be allowed on the airways.

c. Christians should be allowed the choise of having this radio station and the very few other Christan stations. Everybody else gets all kinds of choises. We are citizens also and we deserve this freedom like everybody else.

2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.

a. If Christian stations are taken away from us that leaves only secular stations that play alot of offensive music.

b. Having clean radio provides parents a way to protect children from offensive programing.

3. Why you believe that the service provided by K-LOVE is in the public interest.

a. With Christian radio on in my car I don't have to worry about trash going into my childs ears.

b. Only good and decent programing comes out of stations like K-LOVE.

Please keep in mind I am not suggesting that all stations should only play clean and descent programing. If other citizens want to hear trashy and offensive music, it is certainly their right. All I ask is that Christian citizens may keep the right to have the music we want to listen to remain on the radio airways. Please do not persecute us. Please do not persecute Jesus. He has already died for all of us on the cross so that we could be saved. He doesn't deserve to just be pushed aside and deleted from the American way of life. Please allow us to keep our very few Christan stations. We don't have enough as it is.

Thank you,
Nancy Doughty
